

The cultural exchange was not limited to educational activities. The students also had the opportunity to savor the local gastronomy by sharing a meal in a crêperie, strengthening intercultural links over delicious dishes and lively conversations.

Finally, to round off this memorable week, the participants had the chance to visit Mont Saint-Michel, an emblematic site in France, providing an unforgettable experience and strengthening the ties between the French and Dutch students.

In conclusion, the exchange between Lycée Livet and Spinoza Lyceum was an enriching experience for all the participants. In addition to discovering sustainable cities, the exchange encouraged intercultural exchanges, strengthened language skills and promoted the values of cooperation and mutual understanding, thus helping to build a more sustainable and harmonious future for Europe and the world.
